

WE ARE PLEASED TO ANNOUNCE AN OPEN CALL FOR EMERGING ARTISTS LOOKING TO SELL WORK WITH HAZEGALLERY, AN ONLINE and OFFLINE GALLERY AND CURATORIAL PLATFORM.

Information and eligibility

- Artists 18+ working in any medium are welcome to submit work that is currently available for sale and is priced between 100- 5000 Euro retail value. We keep artist submissions on file and consider applicants for any future projects and exhibitions.
- A fine art degree is not required to participate in our open call. This is an open call with no specific theme.
- Please only enter artworks that would not be reserved by any other gallery or booked for exhibitions within our three-month consignment period if selected. This timeframe is flexible if the artist's works are chosen solely for an online show with the gallery. If work is selected by our curatorial team, artists will be contacted for additional information, images and also be asked to sign a contract.
- Artists do not have to only submit works that are currently available for sale since we want you to show us your best work, however, we will only exhibit art that can be purchased on our site.
- Gallery artists should prepare quality photographs of each work that will be featured on our website, including images of the sides and details, in order for potential buyers to have a complete visual representation of your piece.
- On any works sold via our platform, the gallery will charge a 30% commission and the artist will receive 70%. Gallery commission should not be added to the artist's normal selling price - no exceptions.
- The buyer of the artwork will cover shipping costs based on a calculated formula of weight and the intended destination.
- Artists will then be responsible for properly packing the sold work according to our specific instructions and industry standards as well as taking it to a postal location.
- Artwork will be sold as is with no refunds (hence the emphasis on accurate, high-resolution images of your work) and artists will be paid promptly upon the buyer receiving the piece.
- All art will be insured when shipping to protect both parties.
- Works are generally offered unframed unless it is a part of the piece or is requested by the buyer. In this case, we will coordinate the extra costs with the client.
